## How to Install DokuWiki on a LAMP Server

**Author(s):** Louis Ouellet

---

Today, we'll explore how to set up DokuWiki, a versatile and easy-to-use wiki software, on a LAMP (Linux, Apache, MySQL, PHP) server. This guide is ideal for those looking to create a personal or professional wiki without the complexity of larger platforms.

## How to Check a Hard Drive Health from the Command-Line

**Author(s):** Louis Ouellet

Monitoring the health of your hard drive is a crucial aspect of maintaining your system's

integrity and performance. On Linux, the `smartmontools` package includes the `smartctl` utility, which allows you to inspect your hard drive's SMART (Self-Monitoring, Analysis, and Reporting Technology) data to predict drive failure and perform checks.
